which the consultant is prequalified on an as needed basis. The contract will begin on the date of award and expire three years thereafter. The total contract amount is \$4,000,000.00 and the maximum amount of each authorization is \$1,000,000.00. Source of Funds: 80% Federal and 20% State Trunkline.

10. DESIGN - IDS Design Consultant Services

Contract (2000-0002) between MDOT and HNTB Michigan, Inc., provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on November 8, 1999, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board.

This authorization (Z16) is for \$119,989, which provides for construction assistance services for the US-131 Intelligent Transportation System (ITS) project from Ann Street to West River Drive, (SB) 265 m South of Hall Street, (NB) 680 m South of Burton Street, in the Cities of Wyoming, Walker, and Grand Rapids and Plainfield Township/CS 41131 & 41132 - JN 52378A in the county of Kent. Structural, electrical, and fiber-optic schedules and shop drawings are required to be submitted by the Contractor per the project specifications, and these items will need approval for the Contractor to proceed with the various phases of the construction. This project requires extensive shop drawing review by the Consultant designer. This project also requires testing of proposed facilities and procedures, both in the field and at the factory, for which oversight is needed. In addition, training is required for this project, for which oversight will be needed. The term of this authorization is from the date of award through November 8, 2002. Source of Funds: 100% FHWA.

11. DESIGN - IDS Design Consultant Services

Contract (2000-0004) between MDOT and Orchard, Hiltz & McCliment, Inc., provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on November 18, 1999, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board. The term of this contract is from November 18, 1999, to November 18, 2002.

This authorization (Z13) is for \$191,932.24, which provides for the design of the rehabilitation of M-153 (Ford Road), from Marlowe Boulevard easterly to 0.39 km east of Lotz Road (township line) in Canton Charter Township/CS 82081 - JN 56645C in the County of Wayne. The project length is 3.75 km (2.3 miles). The term of this authorization is from the date of award through November 18, 2002. Source of Funds: 100% State Trunkline funds.

12. DESIGN - IDS Design Consultant Services

Contract (2000-0004) between MDOT and Orchard, Hiltz & McCliment, Inc., provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on November 18, 1999, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board. The term of this contract is from November 18, 1999, to November 18, 2002.

This authorization (Z14) is for \$207,659, which provides for the design of the rehabilitation of M-153 (Ford Road), from 0.39 km East of Lotz Road (city limits) Easterly to East of Wayne Road, Wayne County/CS 82081 - JN 45708C in the County of Wayne. The project length is 3.48 km (2.2 miles). The term of this authorization is from the date of award through November 18, 2002. Source of Funds: 100% State Trunkline funds.

13. DESIGN - Increase Scope and Amount

Amendatory contract (2000-0129/A6) between MDOT and Alfred Benesch & Company will increase the scope of the contract to include alleviating the overstress conditions in the substructure units, maintaining traffic during the footing probing, relocating the sanitary sewer, and relocating the watermain and will increase the maximum contract amount by \$260,000.00 to \$5,708,236.37. The original contract provides for the design of I-75, Goddard to the River Rouge Bridges in the County of Wayne (CS 82192 - JN 45699C and 53168C). The contract term remains unchanged at April 5, 2000, through December 31, 2001. Source of Funds: 90% FHWA and 10% State Trunkline.

14. DESIGN - IDS Design Consultant Services

Contract (2000-0200/Z12) between MDOT and EarthData International of North Carolina, LLC, provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on March 9, 2000, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$400,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board.

A previous authorization for \$26,139.99 was issued for low altitude aerial photography. This request is for an additional \$85,113.13 (bringing total authorized amount to \$111,253.12), which provides for the photogrammetric mapping of I-75: 1/4 Mile South of Wattles Rd./CS 63174 - JN 495650 in the County of Oakland. The project length is approximately 3 miles.

The term of this contract is from March 9, 2000, through March 9, 2003. Source of Funds: 90% FHWA and 10% State Trunkline funds.

15. DESIGN - IDS Design Consultant Services

Contract (2000-0215) between MDOT and Coleman Engineering Company provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on March 21, 2000, enables MDOT to initiate design activities with authorizations.

The limit on these authorizations is \$400,000.00. Authorizations in excess of \$100,000 require the approval of the State Administrative Board.

This authorization (Z2) is for \$205,003.91, which provides for the design of US-2, Roosevelt Street to West of Mill Street/CS 27021 - JN 48343C in the County of Gogebic. The project length is 6.4 kilometers (3.99 miles). This project consists of all work related to designing this project, including, but not limited to, the following: cold milling, crush and shaping, bituminous resurfacing, guardrail upgrading, culvert work and restoration, and joint repair. The term of this contract is from March 21, 2000, through March 21, 2003. Source of Funds: 82% FHWA and 18% State Trunkline funds.

16. DESIGN - IDS Design Consultant Services

Contract (2001-0437) between MDOT and Wade Trim, Inc., provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on April 19, 2001, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board. The term of this contract is from April 19, 2001, through April 19, 2004.

This authorization (Z6) is for \$307,000.00, which provides for the design of M-53 from M-3 (Gratiot Avenue) Northerly to Harper in the County of Wayne (CS 82151 - JN 52804C). The work items include removal of existing composite pavement section and curb/gutter; reconstruction of roadway section, subbase, drainage course, concrete or bituminous pavement curb/gutter; reconstruction of storm sewer elements; conducting a hydrologic/hydraulic analysis of the proposed/existing storm system; geometric improvements, including turn-lane addition widenings or length extensions; relocation of construction-affected private/municipal utilities; staging of traffic maintenance. The length of this project is 0.70 miles. The term of this authorization is from the date of award through April 19, 2004. Source of Funds: 81.85% FHWA and 18.15% State Trunkline funds.

17. DESIGN - IDS Design Consultant Services

Contract (2001-0437) between MDOT and Wade Trim, Inc., provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on April 19, 2001, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board. The term of this contract is from April 19, 2001, through April 19, 2004.

This authorization (Z7) is for \$622,895.67, which provides for the design of M-53 from Harper Northerly to 8 Mile Road in the county of Wayne (CS 82151 - JN 52805C). The work items include milling and resurfacing the existing composite pavement section roadway, intermittent curb/gutter replacement, geometric improvements, designing sidewalk ramps to MDOT standard configurations, and performing hydraulic analysis and replacing storm sewers and drainage structures. The length of this project is 4.167 miles. The term of this authorization is from the date of award through April 19, 2004. Source of Funds: 81.85% FHWA and 18.15% State Trunkline funds.

18. *TRANSPORTATION PLANNING - Transportation System Efficiency Enhancing Tools

Contract (2001-0502) between MDOT and the University of Michigan will provide for the development of tools to increase the efficiency of transportation systems. The contract will begin upon the date of award and continue through September 30, 2003. The contract amount of \$650,918.00 will be funded 80% with Federal State Planning and Research (SPR) Funds and 20% with State Matching Funds as follows:

\$111,583.20 FY 2001 SPR Funds

EXCESS PROPERTY

20. RESOLUTION "A" - Relinquishment of Easement 121
CS 17012, Pcl. 5 Part A, Item 1
The area proposed for relinquishment contains 0.914 acres, more or less, and is located in Trout Lake Township, Chippewa County, Michigan. The underlying fee holder, Mr. George Ellis, has a building that encroaches on MDOT property and has requested a relinquishment of easement rights to clear title. The consideration for the relinquishment is the processing fee of \$500. A check for that amount has been deposited with the Financial Operations Division.
- \$500
21. RESOLUTION "B" - Sale to Abutting Owner 5-800-N
CS 64015, Pcl. C-319, Item 1
The property is located in Pentwater Township, Oceana County, Michigan, and contains 22,059 square feet, more or less. The subject tract was appraised by Dave Thomas, Region Property Manager, on February 15, 2001, and reviewed and approved at the current market value of \$3,750 by Peter Loftis, Grand Region Agent, on February 15, 2001. Randy Marsman, the only abutting owner, offered to purchase the subject tract at the appraised value.
- \$3,750
22. RESOLUTION "C" - Relinquishment of Easement 141
CS 13071, Pcl. 29 Part A, Item 1
The area proposed for relinquishment contains 1.74 acres, more or less, and is located in Fredonia Township, Calhoun County, Michigan. A relinquishment of easement rights to clear title has been requested by the Marshall Country Club, the underlying fee holder. The consideration for the relinquishment is the processing fee of \$500. A check for that amount has been deposited with the Financial Operations Division.
- \$500
23. RESOLUTION "D" - Easement 7-652-E
CS 80011/80013, Pcl. 3A, 4/Maint. B, C-226, 227, 228, Item 1
The Michigan Department of Transportation is granting an easement to the Peterson Drain Drainage District of Van Buren County in the Township of South Haven, Berrien County, Michigan. The drainage area covers MDOT interstate highway M-43, I-196BL, and I -196, saving MDOT construction and maintenance cost. Therefore, the consideration for this easement is mutual benefits.

Mutual Benefits

24. RESOLUTION "E" -Easement
CS 11053, Pcl. 505 Part S, Item 1

7-653-E

The Michigan Department of Environmental Quality (MDEQ) has requested a conservation easement from the department in exchange for granting MDOT a construction permit for reconstruction of M-63. The conservation easement contains 4.61 acres, more or less, and is located in City of St. Joseph, Berrien County, Michigan. The consideration for this easement is mutual benefits. The property is currently designated as a wetland mitigation site. MDOT will be exchanging this property with Whirlpool Corporation and in order to maintain the wetland status, MDOT will first convey a conservation easement to MDEQ.

Mutual Benefits

In accordance with MDOT's policies and procedures and subject to concurrence by the Federal Highway Administration, the preparation and execution of the appropriate documents approved by the Attorney General, and compliance with all legal and fiscal requirements, the Director recommends for approval by the State Administrative Board the items on this agenda.

The approval by the State Administrative Board of these contracts does not constitute the award of same. The award of contracts shall be made at the discretion of the Director-Department of Transportation when the aforementioned requirements have been met. Subject to exercise of that discretion, I approve the contracts described in this agenda and authorize their award by the responsible management staff of MDOT to the extent authorized by, and in accordance with, the December 14, 1983, resolution of the State Transportation Commission and the Director's delegation memorandum of January 16, 2001.

Respectfully submitted,

Gregory J. Rosine,
Director

CONTRACTS

1.-66. MAINTENANCE - State Trunkline Maintenance

Amendatory contracts between MDOT and the following 66 County Road Commissions will extend the State Trunkline maintenance contracts by three months. The contracts were previously extended by six months. The contract term will now be from October 1, 1998, through June 30, 2001.

P.A. 17 of 1925 authorizes the Department to contract with cities, villages, and boards of county road commissioners for the construction, improvement, or maintenance of state trunkline highways. Under the terms of the standard maintenance contracts, the cities, villages, and boards are reimbursed for audited labor, equipment rental, and material charges in accordance with the provisions of the contracts. The following maintenance contracts were not competitively bid but were negotiated with the local units of government. The Department has found that such negotiated agreements are in the public interest and has transmitted those findings in accordance with Section 11c of 1951 PA51, MCL 247.66a(c); MSA 9.1097(11c).

These contracts are on a cost reimbursement basis, subject to final audit to actual costs. Billings are submitted by the counties on a regular monthly basis to be approved by the Regions. Actual work is planned by the Regions in cooperation with the Counties. In general, the "total" for the Maintenance budget is based on legislative appropriations; the

In accordance with MDOT's policies and procedures and subject to concurrence by the Federal Highway Administration, the preparation and execution of the appropriate documents approved by the Attorney General, and compliance with all legal and fiscal requirements, the Director recommends for approval by the State Administrative Board the items on this agenda.

The approval by the State Administrative Board of these contracts does not constitute the award of same. The award of contracts shall be made at the discretion of the Director-Department of Transportation when the aforementioned requirements have been met. Subject to exercise of that discretion, I approve the contracts described in this agenda and authorize their award by the responsible management staff of MDOT to the extent authorized by, and in accordance with, the December 14, 1983, resolution of the State Transportation Commission and the Director's delegation memorandum of January 16, 2001.

Respectfully submitted,

Gregory J. Rosine,
Director

The total of all Extras and Overruns approved to date, **before this request**, places this contract 2.02 % over the original budget for an **Authorized to Date Amount** of \$3,642 934.37.

Approval of this extra will place the authorized status of the contract 16.02 % over (+\$572,087.11) the **Original Budget**.

Extras Previously Approved by Administrative Board: None

Recommendation Number(s): 19F

This contract modification requests payment for the following Extra(s)/Adjustment(s) to the contract:

Claim Resolution	1.00LS @ \$500,000.00/LS	<u>\$500,000.00</u>
Total		<u>\$500,000.00</u>

Reasons For Extras/Adjustments:

For the pay item above, in February of 2000, the prime contractor Lonzo Construction Company submitted a claim totaling \$2,080,754.57. The amount claimed was based on allegations of underpaid quantities, change order work, utility repair charges, construction inefficiencies and delays, retention, and related costs.

Per the Standard MDOT Claims Resolution Process, meetings were held at the local and Resident Engineer levels. It was agreed that the plans failed to accurately disclose the location of all the utilities. The contractor experienced down time and delays caused by the inaccuracies. Per section 1,04.02a of the 1990 MDOT Standard Specifications, the contractor is entitled to an adjustment for "Differing Site Conditions." Force account records were kept and are in the project files. It is agreed to compensate the contractor \$118,315.99 for this work based on the force account records.

The contractor submitted documentation per the terms of Section 1.05.12 providing actual costs for labor, equipment, and materials minus the contract revenues paid for the work actually performed. For the sewer work delays, the difference claimed is \$361,751.00, and for road work delays, \$228,372.00, for a total of \$590,123.00. However, it is agreed that the contractor's own actions caused him to work at approximately 50% efficiency, and is therefore entitled to \$295,061.50. Section 1.05.12 allows for add ons of 20% of the first \$25,000.00 and 10% of the remainder, for a total value of \$329,567.65.

Additional claims for project work, as covered by section 1.09.05 of the Standard Specifications, were submitted for Driveway Modifications at \$9,855.21, for Winter Maintenance Costs at \$22,948.85, and for Utility Repair Charges at \$17,648.11. These claims were considered to be appropriate according to MDOT Standard Specifications.

The total of all of the approved claims is \$498,371.81. This amount would be subject to additional costs, per MDOT specifications, for overhead payments, bond, and insurance, etc. An offer of \$500,000.00 was presented to the contractor and was accepted. All documentation is in the project files.
